

Summit Tutoring Center

Summit Math Summer Program

Is your student prepared for Math next year? It is important that students get off to a good start in the new school year, especially for 9th grade students, as their high school GPA will be seen by colleges and will affect their admission. Give your student a head start with two Math Preview Sessions we offer, Advanced Algebra 1 and Honors Geometry. Taught by **Ms. Hancock**, these sessions will provide your student with a preview of next year's material so they can start next year ahead of the competition. Sign your student up today to prepare them for the 2012 school year.

Advanced Algebra1

Preview of Advanced Algebra 1 for current grade 6-7th grade students who have completed an Advanced or Honors Pre-Algebra course

Honor Geometry

Preview of Honors Geometry for current grade 7-8th grade students who have completed an Advanced or Honors Algebra 1 course

Schedule: (no class 07/02- 7/06)

Summit Math Programs	Session one - 4 weeks 06/18-07/20/2012	Session two - 4 weeks 07/23-08/17/2012
